CARE INSTRUCTIONS

CLEANING OF LAMINATED PLYWOOD, PVC & HARDWOOD FIBER BOARD CABINETS

- Clean furniture using a soft, dry cloth.
- Do not pour water directly onto the furniture.
- Do not use thinner or harsh cleaning chemicals.
- Wipe moisture immediately.
- Veneer, acrylic, and high-gloss finishes require extra care to preserve their appearance.

CLEANING OF ACCESSORIES & APPLIANCES

- Clean furniture using a soft, dry cloth.
- Do not pour water directly onto the furniture.
- Do not use thinner or harsh cleaning chemicals.
- Wipe moisture immediately.
- Veneer, acrylic, and high-gloss finishes require extra care to preserve their appearance.

FOLLOWING THINGS MAY DAMAGE METAL PARTS

- Acid washing of floors without protecting handles, hinges, and accessories.
- Water leakage.
- Salt, detergents, or chemical spills.

WATER LEAKAGE

If you notice any leakage near sinks, wash basins, or plumbing fixtures, rectify it immediately. Prolonged exposure to water may damage cabinets and void the warranty.

HOMES LOCKED FOR SEVERAL WEEKS

If the house remains locked for an extended period:

- Open windows periodically to allow air circulation.
- Moisture buildup may affect cabinets, fabrics, and accessories.
- Clean fungus immediately using a dry cloth.

Such issues are environmental and not manufacturing defects.

Note:

When replacing or repairing veneer or acrylic-finished panels, slight color variation between the new and existing panels may occur due to natural aging and material characteristics.
The company shall not be held responsible for any verbal commitment by the employee unless it is noted in the work order."

Terms and conditions

UNEXPECTED DELAYS

While Pravin Kitchens & Interiors will make every effort to complete the project on time, delays caused by circumstances beyond our control—including natural calamities, government regulations, builder restrictions, material shortages, or other unforeseen situations—may affect the handover schedule.

FINAL CLEANING

Upon completion of the installation, our team will perform basic site cleaning and remove project-related debris, leaving the space ready for use.
We recommend that the client carry out a professional deep cleaning after handover to ensure the entire home is thoroughly cleaned and sanitized.

HANDOVER & FINAL INSPECTION

- We recommend that the client inspect all completed work in the presence of the Site Engineer during handover.
- Pravin Kitchens & Interiors shall not be held responsible for any damage caused after handover due to mishandling, negligence, or misuse.
- We recommend applying the final coat of paint after the completion of the installation for the best finish.

CONDITIONS

BASED ON DESIGN PRICE WILL VARY

Instructions & Guidelines

3D DESIGNS

The 3D drawings are provided only for conceptual understanding of Pravin Kitchens & Interiors only and should not be considered as the exact representation of the final product or site. Only the items specifically mentioned in the Work Order will be executed.

COPYRIGHT

All 2D drawings, 3D designs, renders, and other design documents shared with the client remain the exclusive property of Pravin Kitchens & Interiors. Unauthorized copying, sharing, reproduction, or commercial use without written permission may lead to legal action.

SITE READINESS

Before installation begins, please ensure the following:

- Flooring work is completed.
- First coat of painting is completed.
- Main doors and windows are installed.
- Electricity, water supply, and required service connections are available throughout the installation period.

ADDITIONAL WORKS / REQUIREMENTS

- Any additional work requested after confirmation of the main Work Order will be treated as a separate work order with an independent completion schedule.
- Additional works may be billed separately.

ELECTRICAL / PLUMBING AND OTHER REQUIREMENTS

To achieve the best finishing quality, additional electrical, plumbing, or civil work may be required during installation. Our team provides recommendations for any necessary modifications; however, the execution of such works is not included in our scope.
